Research:

02/25/02

1986 - Came up with the solution to a personal "problem". I was frustrated with all the hygiene products in the market.

→ The 1st time I used "clean night" protection, I couldn't believe the comfort and the security it gave me.

Getting up in the morning and finding out that the sheets of my bed were clean was a relief.

- I also couldn't believe that my underwear & pyjamas were also clean!

1988

A friend that just got married, called me in the phone and started to cry.

She told me that she had spent the night at her mother in law's house. When she woke up, saw the new sheets were she had slept was stained with blood from her heavy period. She was so embarrassed and was upset. I met with her and showed her how to use "clean night" protection I've created. The following day she was me again. She was very happy and speechless. She couldn't believe how easy and comfortable was to protect yourself at night with my "clean night" idea.

unhappy research? As a teacher I have the opportunity to work with female coloring.

and in several occasions I found out myself given suggestions to women that have problems staining their sheets at night or being uncomfortable using the Gigantic Feminine pads at night. . . . people I shared my idea of protection at night, had thanked me and told me how please and happy they are because they found a solution for their ongoing problem:

"I can use my favorite sheet during these nights"

"I don't have to wear those huge! pads that I hate any more"

"Big pods used to protect me well at nights, but I hated getting up in the morning and getting in the shower, the whole tub was stained, green!"

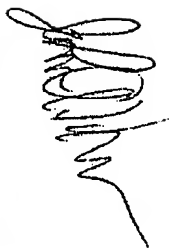

- "I love the fact that in the mornings I just get up, go to the bathroom and flush the clean night towels I used with out even touching them. They just fall in the toilet!!"

- going to bed knowing that you are not going to have an accident doesn't have a price!

[Handwritten signature]

"What I liked the most, it is that you can decide how many 'clean night towels' you need to use, and it is so easy to dispose them."

"I don't have to throw stained underpavts and more, 'clean night' towels were very well."
